WORK EXPERIENCE

Android Developer | Onenex / Yoma Strategic Holdings Jan 2024 – July 2026

Contributed to the development and maintenance of multiple mobile applications, including Yoma Connect, Pocket MM, and Heal by Pun Hlaing.

- Implemented new features and enhanced existing functionalities based on business requirements.
- Performed SCLA bug fixing and issue resolution to improve application stability and user experience.
- Refactored Kotlin and Java codebases to improve maintainability, readability, and performance.
- Collaborated with cross-functional teams to deliver scalable and high-quality mobile solutions.
- Utilized ClickUp for task assignment, ticket tracking, and workflow management within Agile development processes.

Projects:

- Yoma Connect – Social networking and HR management application.
- Pocket MM – Digital lifestyle and loyalty platform offering rewards and engagement services.
- Heal by Pun Hlaing – One-stop healthcare solution providing medical and wellness services.

Senior Android Developer | Aceplus Solutions Sep 2022 - Jan 2024

- Contributed to the development and maintenance of Insurance Applications and Distribution Management Systems (DMS).
- Implemented new features, enhanced existing functionalities, and integrated RESTful APIs.
- Applied Android best practices, including MVVM, Dependency Injection, Room Database, and Network Security.
- Participated in the full Software Development Lifecycle (SDLC), from requirements gathering to deployment and Play Store releases.
- Primarily developed and maintained the MyanX Insurance Application for AIA Myanmar (now AIA+ Myanmar), delivering new features and digital insurance solutions.

Junior Android Developer | MM Digital Solutions Jan 2020 - Feb 2021

- Developed responsive UI screens optimized for various screen sizes and device resolutions.
- Implemented RESTful APIs to fetch and process server-side data, and rendered the data efficiently across application UI screens.
- Applied strong knowledge of UI design principles, Room Database, and MVP architectural pattern to build scalable and maintainable applications.
- Gained experience in developing e-commerce applications, Sales Force Automation platforms, and other enterprise mobile solutions.
- Maintained existing applications while implementing new features and enhancements to improve performance and usability.
- Contributed to the full mobile application development lifecycle, including requirement gathering, planning, development, testing, deployment, and Play Store release.

Projects:

- Gatsby – Augmented Reality Selfie App for Promoting Gatsby ProductsAugmented Reality Selfie App for promoting Gatsby Products.
- TA Resources Myanmar – Salefoce Automation platform for one of the biggest lubricants, tire & battery distributor in Myanmar.

Junior Android Developer | Universal Technology Oct 2018 - Dec 2019

- Maintained and developed UTBA Business Applications and SM3 Online Directory application as part of ongoing mobile development activities.
- Assisted in implementing new features, fixing bugs, and improving existing functionalities under senior developer guidance.
- Worked on UI enhancements and minor feature updates to improve user experience and application stability.
- Participated in debugging and testing activities to ensure application quality and performance.
- Actively used Trello for task management, ticket tracking, and coordinating development tasks within the team workflow.

SKILLS

- Android
- Kotlin
- Coroutine
- Java
- GooglePlayStore
- Firebase
- Clean Architecture with MVVM multi module, MVP
- Jetpack Compose
- Github, Gitlab
- Familiar with connecting REST API to Android App
- CI/CD
- Cursor AI agent
- Huawei App Store
- Current learning in Flutter Development

EDUCATION

Academic Program - Bachelor of Computer Science 2013 – 2018

University of Computer Studies (Taungoo)

Training Program - Professional Android Developer Course 2019

PADC Myanmar

Achievement

Most functional android application award in PADC Myanmar

OTHER QUALIFICATION

- Certificated in Professional Android Developer Course ,PADC-Myanmar (2019)
- Certificated in Foundation of Leadership and Capacity Development , Taxi Institute (2016)
